ERASMUS+ is a unique life experience! The chance of travelling, sightseeing, new opportunities to have fun and met new people, see a different culture.

Slovenia is a beautiful country full of panoramic views and also it has many places and monuments to visit. Novo Mesto is a small town with a lot of nice people and nice views, the youth hostel is close to the canteen and students can also stay at hostel Situla FOS is a innovative and oriented towards personal development of students. University of FOS helps students to develop their creativity. University of FOS offered me plenty of opportunities to be in a friendly environment with friendly teachers, who are always willing to help. Students here also have the possibility to achieve their personal goals and the faculty also has a library but there is also the town's library.
