About

The Journal Challenges of the Future invites researchers, scholars, and authors **to submit their original and extended research to publish in peer reviewed international research journal.** All submitted papers will be peer reviewed and published in an online print version format.

Challenges of the Future is an open access journal distributed under the terms of the Creative Commons CC BY-SA 4.0 License. Article submission or article processing fees **are free of charge**. Copyrights are retained by the authors. All published papers are indexed in **COBISS, DOAJ, dLib, Google scholar, MIAR**

In 2020 we will provide DOI to all published papers, which assists in better indexing and citation. Instructions for **Authors and Template** for journal article submission are available **here** and for more information or to submit your article, please email us at **ip@fos-unm.si**

Note: Articles submitted for review at Challenges of the Future shall not be in review procedure elsewhere, nor published before.

Challenges of the Future is a scientific, double blind peer reviewed journal, which attempts to provide answers for broadest societal issues in the field of organisation, economy, management, education, administrative and political science, sociology and other fields of social sciences and humanities. The journal is, more than with the field, concerned with the originality of the articles and their contribution to understanding of the future development in different aspects of human life.
