

Research Centre, University of Zilina, Slovakia is looking for talented experienced researchers to apply for Marie Sklodowska - Curie Individual Fellowship at University of Zilina, Slovakia.

Research Centre is a new established entity of University of Zilina with aim to conduct first class research in transport infrastructure, progressive materials, smart buildings and renewable energy resources.

The University of Zilina has a long tradition going back to 1953 with main focus on technical studies and research in various fields of transport (materials; mechanical, electrical and civil engineering; management and operation).

Our team believes that the research on which we work every day, sooner or later improve the quality of our lives and life of people around us.

Let's join us in working on projects!

What we are offering:

- great team to work with
- salary up to 4 000 Euro/monthly

You can check your eligibility here (GUIDE for applicants 2014 document):
